HELP GROW YOUR REVENUE WITH

TouchTunes BAR REWARDS

Visiting your venues and promoting the jukebox is the one of the best ways to increase revenue with TouchTunes. Because you can't be at your venues all the time, we have the Bar Rewards staff loyalty program. With Bar Rewards, location staff, managers, and owners become jukebox ambassadors, encouraging guests to download the app & play the jukebox. Members earn free credits and other perks.

Bar Rewards incentivizes venue owners, managers, and staff with free credits, giveaways, and other fun perks to promote your TouchTunes jukebox and mobile app, in-venue, every day.

With more than 150,000 members in over 40,000 locations, Bar Rewards drives more mobile app use, more plays, and more revenue for you. It's a free program that helps you develop loyal customers by delivering more value to your venues. Visit TEMPO for promotional materials and information on how to sign up venue staff.
